

Do you have one or more of the following **Covid19** symptoms:
A **high** temperature; a new, continuous **cough**; loss or change to your sense of **smell** or **taste**

Yes? Isolate immediately and book a **PCR** test via the NHS

Is the **PCR** test result positive?

Yes?

You and your close contacts, including your household, must self-isolate from the day your symptoms started and the next 10 full days. Close contacts should also take a PCR test and continue to self-isolate even if the result is negative.

No?

You do not need to isolate

*If you or your child have other new or unusual symptoms or if in doubt, you can still get a PCR test, however, you do not need to self-isolate unless the test result is positive.

When booking a PCR test online tick the box that says:
"My local council or health protection team has asked me to get a test, even though I do not have symptoms."

For more information, visit:

[www.gov.uk/get coronavirus test](http://www.gov.uk/get-coronavirus-test)

No? Take a rapid **LFD** test

Is the rapid **LFD** test result positive?

Yes?

You and your close contacts must self-isolate immediately and book a confirmatory PCR test via the NHS.

No?

You do not need to isolate

Is the **PCR** test result positive?

Yes?

You and your close contacts, including your household, must self-isolate from the day your symptoms started and the next 10 full days. Close contacts should also take a PCR test and continue to self-isolate even if the result is negative.

No?

You do not need to isolate
