

SABDEN PRIMARY SCHOOL

Pupil Premium Statement

2019 – 2020 REVIEW

The pupil premium grant is additional funding given to publicly funded schools in England to raise the attainment of pupils who receive or have received in the past, free school meals. This money is designed to help disadvantaged pupils of all abilities perform better and have access to learning opportunities in order for them to perform better and close the gap between them and their peers.

Pupil premium funding is available to both mainstream and non-mainstream schools, such as special schools and pupil referral units. It is paid to schools according to the number of pupils who have been:

- registered as eligible for free school meals at any point in the last 6 years
- been in care for 6 months or longer

Schools receive

- £1320 for each eligible primary-aged pupil
- £2300 for pupils who are in care or children who have been adopted from care or left under a special guardianship or residence order.

Schools are free to spend pupil premium money as they see fit but are required to publish how this additional funding has been used to support pupils of low income families.

It is the responsibility of the governors to explain pupil premium expenditure to parents in the form of an annual statement.

This report aims to detail information on how the Pupil Premium Grant will be used within school.

2019 – 2020

During this academic year it is anticipated that 10 pupils will receive either Pupil Premium Grant (PPG) or Pupil Premium Grant+ (PPG+) totalling an income of £14,180.

Summary of the in-school barriers to educational achievement faced by some of the eligible pupils at Sabden:

1. Limited extended opportunities outside of school hours, including cultural and educational visits and activities
2. Lower attendance and/ or punctuality
3. Limited parental engagement impacting upon regular completion of homework and consolidation of learning activities linked to reading and basic skills
4. Lower attainment in Reading, Writing and Maths
